

# Chain Lube Spray Dry TC 212

## Product description

TC 212 is a dry chain lubricant for the lubrication and corrosion protection of motor cycle chains. This product is based on fully synthetic base fluids, PTFE, extreme pressure additives, combining excellent anti wear protection & extreme pressure for long life of chain and sprocket.

## Applications

Chain Lube Spray Dry Type TC 212 is used for superior lubrication of all types of automobile chains, especially of higher end and race bikes.

## Advantages

With outstanding creep and lubricating effect due to presence of PTFE • Particularly suitable for fast-running chains • Reduces chain elongation and helps to extend chain service life. • Extremely adherent and waterproof chain lubricant • Compatible with O,X,Z rings

## Handling instructions.

Shake the can well till movement of steel ball is audible. Keep away from open flame & heat. Do not store above 50°C .Contents under pressure. Highly flammable material. Check for compatibility before use. Refer MSDS for more information about safe use, physical & health hazards.

## Technical Properties

Parameter	Value	Unit	Standard
Appearance	White fluid		
Density	~ 0.80	g/cc	
Flash point	< 0	°C	ASTM D 566
