

Belt Maintenance Spray TC 77

Product description

Belt Maintenance Spray TC 77 is suitable for dressing of all types of industrial and V belts and rubbers. Increases tensile force for all kinds of V belts, round and flat belts on fans, compressors & pumps.

Applications

Belt Maintenance Spray TC 77 is used for dressing of all types of industrial and V belts. Once applied it gives belts extra adhesion and improving both torque and power by elimination of slip.

Advantages

Colourless sticky film • Repels moisture • Increases service life • Prevents slip • Increases belt tension force

Handling instructions.

Shake the can well. Keep away from open flame & heat. Do not store above 50°C. Contents under pressure. Highly flammable material. Check for compatibility before use. Refer MSDS for more information about safe use, physical & health hazards.

Technical Properties

Parameter	Value	Unit	Standard
Appearance	Colourless oil		
Density	0.90	g/cc	
Flash point	< 0	°C	ASTM D 566
